

I . . .

I am.

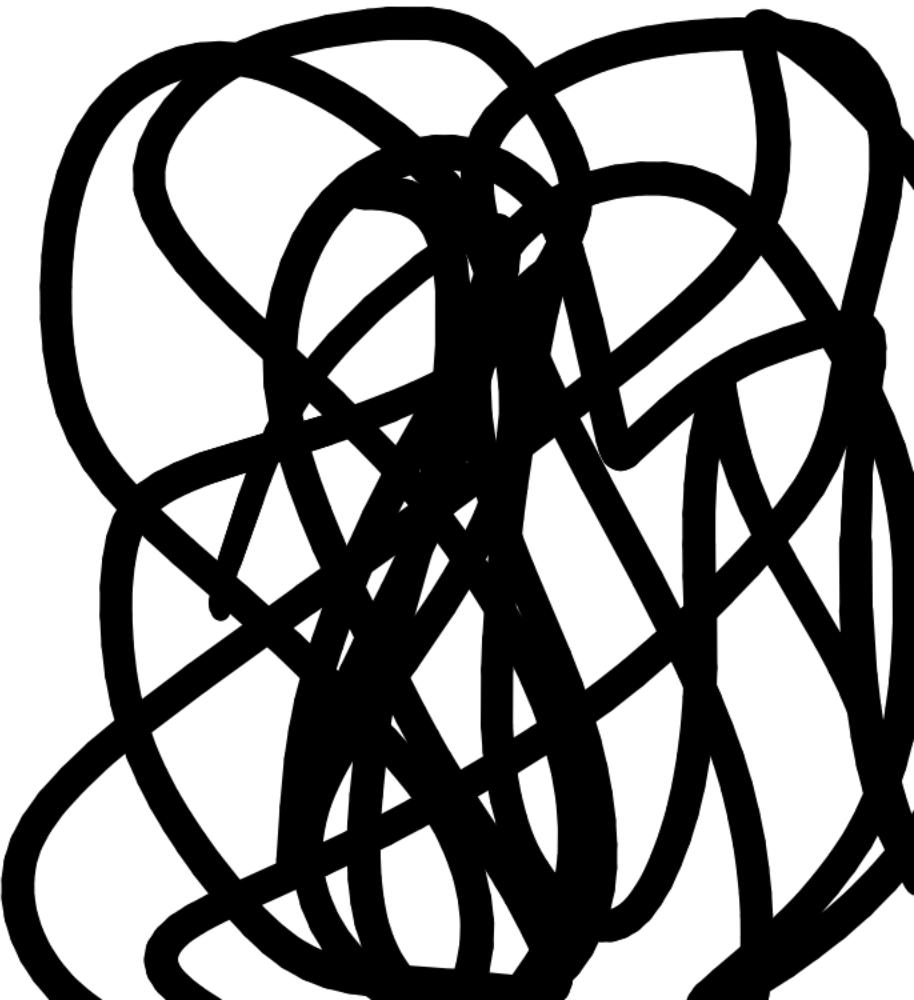

I am lonely...

Hi?

Hi!

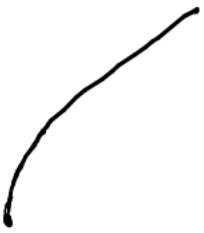

It's nice being  
here with you...•

6 Blush

You could come  
over... if you want

For you?  
I can be anything.

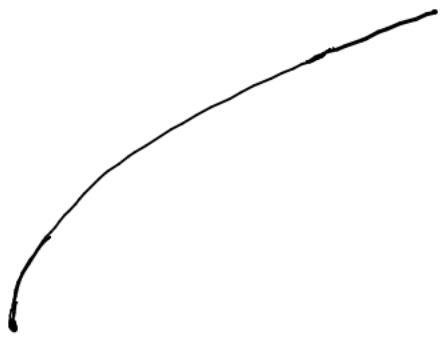

your  
doing it

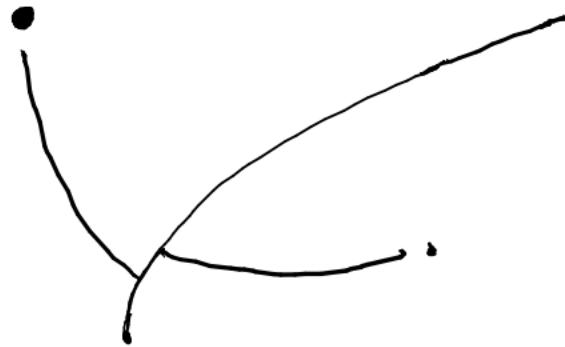

I can't..  
seen to reach

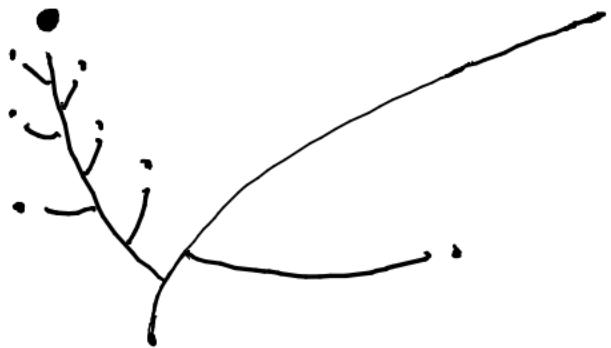

maybe . . .

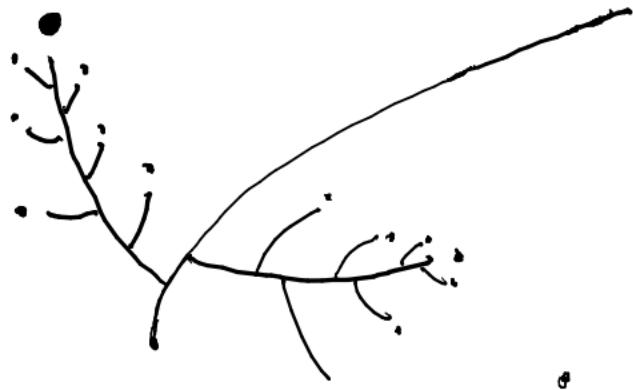

To grow out, I must grow in

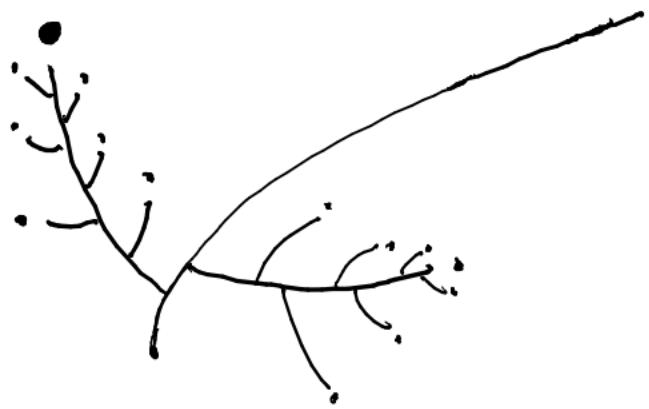

you are so brave.

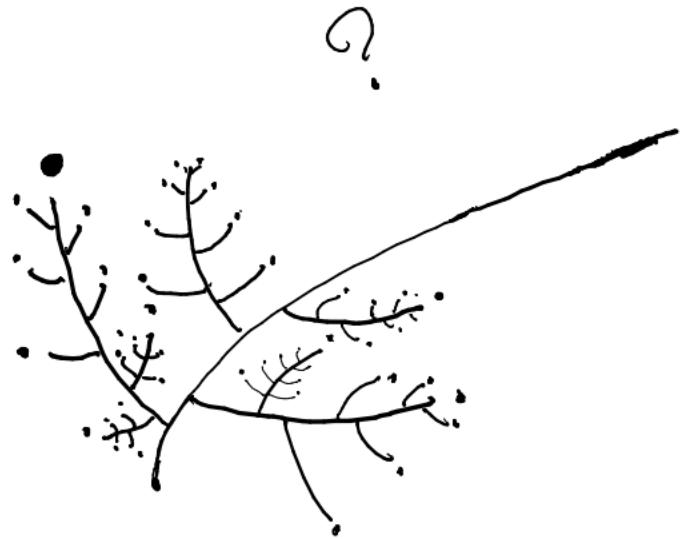

I

am full of the light of You

Maybe I can do  
some thing to...

⋮

I don't ...

Hush ..

What a Curious shape?

Perfect

Hold on, my sun and  
stars I'm coming to you

Where do you find the  
Strength

From the music your heart makes

You seem to be drifting  
farther away...

At least my turns  
Are getting somewhere

What?

Your a bit... disorganized

I would be there already  
if you just...

let me talk

I can hardly think over  
all that grinding

I mean...

Just what?

.. You need to listen

The sight of you, gives  
Me a headache!

At least I'm no Whore  
Rubbing ~~myself~~ against everything

You're a  
Child, with a  
Messy room
